Girona airport is growing

The best option to connect Costa Brava

Flying to Girona-Costa Brava (GRO) airport embodies your commitment to **sustainable growth** and **responsible mobility**.

Girona is the gateway to Catalonia with the lowest airport charges and the **shortest flying distance and taxiing time**.

2M pax

in 2024, and GROwing...

↑ 26%
passengers
2024 vs. 2023

For a 1,000 km flight:

10 minutes
flight time

15 minutes
taxiing

>25 minutes
Total time

>€2,000
in OPEX (flying + taxiing times)

~1,000 kg
of CO₂ emissions per flight

+

€10.4/pax
in airport charges
(per departing passenger)

*GRO vs. BCN

High-speed rail link to Barcelona in progress

Year 2030

New high-speed train station at the airport, with a 30-minute travel time from Girona airport to Barcelona city centre.
